Hi Kelly,

Angela here in OCSPP recommended I reach back out to you since ORD owns the document. My name should be removed as the POC. If you could confirm that's been done, I'd appreciate it.

Hi Greg,

You were listed as the OCSPP POC at the direction of senior leadership. Of course, if this FRN did not publish today, it will be withdrawn from publication. In addition, if signed by the Administrator as drafted, the FR document will probably have to be submitted by ORD for review and approval by the new leadership, and will likely need to be signed again.

I just noticed that on the FRN, it has you listed as the OCSPP contact. Do you have an FDMS account – the designated rule writer really should be OCSPP.

Thanks,

So I take it Kelly will be the designated Rule Writer then.

All this means for us is that you Kelly will have access to the Docket and will be our Point of Contact.

I suggest you upload any documents before the FRN publishes.

Angela mentioned that you had a peer review docket related to this new docket, what docket is that?

She also mentioned that you'll have a document publishing on your website, however it does need to be part of the docket. If you don't know how to upload a file please send an email to fdms@epa.gov and they will guide you through it.

Amparo & Mary,

Attached is the final version of the FR document.

Docket status - I worked with Amparo to set up the ORD docket (thank you Amparo – the attached FRN has the information you need to finish that entry). As a reminder, someone from ORD needs to provide the final tox assessment and work with Amparo to get it loaded to that docket. The FR document gets added to the docket when it publishes.

Signature – This email hands off the attached FR document to Mary Manibusan for OP processing.

Let me know if there are any questions with what I did.

Hi Mary et al,
Although there is no dedicated ORD docket per se, there is a specific docket manager that is assigned to ORD, who manages the docket process for ORD materials. The list of docket managers is here <https://intranet.epa.gov/fdmsinfo/contact.html#docketmanagers>, and it looks like we share the same docket manager - here is the docket manager for ORD. Never the less, we have different procedures (e.g., required CBI reviews, forms, etc), so that manager will instruct you on what ORD needs to do – which isn't likely to be the same as what we require for our materials.
<image001.jpg>

I registered the document in the OP system (FR Dailies) used for FRLs and to submit to OP for publication processing. Here is the FRL number to use on the document: **10020-01-ORD**.

I called OP, and here is the person you need to work with to get the FR signed and submitted: **Mary Manibusan**. (Caryn Muellerleile is the desk officer).

So, with that provided, I think it is also important to point out that it may be too late for this document. OP will confirm whether this is something they can get signed & processed.

Importance: High

Here is a first draft using only the
mark-up I received from you last
Friday, and an old ORD notice Peter
found on the web.

We assumed this is a simple
announcement of the final tox
assessment, so we kept the FR
document very short and pulled
language directly out of that mark-
up. ORD will need to add the
following:

- ORD Docket ID #.
- ORD FRL #.
- For Further Information
Contact Info: As a comment,
we included the POCs that
were in the NOA that Peter
found. Otherwise we just
provide a template for one
contact.

It is set for the Administrator's
electronic signature.

Attaching as a shared file and as an
attachment.

Hope this helps. Let us know if there
are other questions we can help
with.

Subject: Drafting a FR for ORD

As noted, OCSPP has a lot of Notice
Drafting experience. We are quite
swamped but Angela and Peter are
ready to assist Lou. Thanks for helping.
